ETHICAL

ENVIRONMENTAL

Henbury Brands are fully committed to the wellbeing and development of our planet which has encouraged big changes to our personal outlook and the way we trade. We aim to help our customers and make it easier to reduce the volume of waste going to landfill. Going forward, our products will be packaged in recycled plastic bags, which are recyclable at the end of life. Finally, our bags will be made for reuse; they are resealable for ease of re-packaging and branding is being removed to allow ease of re-branding. On top of this, our employees are making a conscious choice to go paperless and recycle all excess fabrics/garments.

It is our corporate responsibility to make an impact in reducing our carbon footprint. All of our marketing materials printed for 2020 were carbon balanced, helping to reduce CO2 emissions and preserving ecologically endangered land with World Land Trust. By using FSC certified papers and printers, promoting responsible management of the world's forests, we are doing our part to make a change.

To reduce our footprint even further, we have taken the decision to only publish our brochure online for 2022, and it doesn't stop there! We aren't letting our 2020 material go to waste either; if you prefer a hard copy to hand, our 2020 brochures are still available to order with an updated insert to remind you of our discontinued lines and new products for 2022.

MANUFACTURERS

We work with the very highest level of manufacturers developing strong, long-term partnerships to promote understanding of International Ethical Trading practices. Working with all our global suppliers to promote respect for workers' rights, ensuring workers are free from exploitation and discrimination, and enjoy conditions of freedom, security and equality.

We fully recognise the importance of the people and the countries where we manufacture, and we require any associated manufacturer or supplier to share our commitment to fair and safe working practices. Our manufacturing locations are personally selected, inspected via an independent, fully recognised and accredited ethical auditing body and supported with continuous monitoring by our local representatives. This ensures working conditions and practices are to the highest standard and within local government laws. In addition to ensuring our high ethical standards are achieved, we support and sponsor a number of local charities within the communities with which we work and manufacture.

CERTIFICATIONS

A further indication of our commitment to social responsibility is in the number of certifications that we hold. Specific information by style and clarification relating to various certifications and standards is available from us on request.

BSCI · OEKO-TEX® CONFIDENCE IN TEXTILES · WRAP · Sedex

Don't forget all of our high quality images are available to download on the cloud. cloud.henbury.com

- Always follow the washing guidelines on the label of the product.
- It is recommended to wash towels before use, corresponding to the products wash care instructions.
- Keep similar colours together when washing: i.e. keep pastels and whites separate from brights and darks.
- Avoid use of fabric conditioner, hydrophobic silicones may result in reduced absorbency.
- Overdrying towels or using high temperatures may cause towels to shrink and feel harsh/crisp.
- Remember: drying in sunlight may cause fading of colours.
